🎓 EDUAI Whitepaper

---

1. Project Vision

EDUAI is a blockchain-based project aiming to build a fair, transparent, and accessible educational ecosystem for everyone who learns, teaches, or produces. Our mission is to empower both learners and educators through decentralized, rewarding, and community-driven tools.

---

2. Technology & Infrastructure

The EDUAI token is built on Binance Smart Chain (BSC) using the BEP-20 standard. It offers:

- Low transaction fees
- High processing speed
- Smart contract-based automation for rewards, staking, and governance
- Scalable infrastructure for integration into educational platforms

---

3. Tokenomics

Total Supply: 1,000,000 EDUAI

Allocation	Percentage	Amount
Team & Developers	15%	150,000 EDUAI
Community & Rewards	45%	450,000 EDUAI
Reserve	20%	200,000 EDUAI
Sales & Marketing	20%	200,000 EDUAI

✔ Includes burn mechanism
✔ Reward distribution for active participants
✔ Locked reserves for long-term sustainability

---

4. Roadmap

- **Q3 2025:** Project Launch, Token Creation
- **Q4 2025:** Smart Contract Audit & Testnet Deployment
- **Q1 2026:** Mainnet Launch & CEX Listings
- **Q2 2026:** Community Growth, Reward Systems

- **Q3 2026:** EDUAI Learning Platform Integration

---
